Hi David,

I am writing to thank you and CMS for the excellent work on the Sports and Aquatic Centre changeroom upgrade. While perhaps a smaller and simpler project than some of our recent projects, it was still challenging. I found the scheduling, communication, workmanship and the ability to work around the needs of a working centre to be excellent. I found Peter, Chris and the site foreman (whose name escapes me) to be excellent to deal with. I'd rate the communication on this project to be a highlight and the best yet. I look forward to working with CMS in the future.

Warm regards,

David
